**Radio Club of America schedules Texas Dinner for April 17 in Waco,
welcomes Cyren Call's John Melcher as speaker**

EATONTOWN, N.J. — Feb. 8, 2007 — Diners at the first Texas Dinner arranged by the Radio Club of America (RCA) will hear a speech by Cyren Call Communications' executive vice president for external affairs, John Melcher. He is also president and CEO of The Melcher Group, a public-safety-oriented consulting firm in Pasadena, Texas. Melcher's speech, "The Public Safety Family Portrait – Circa 2010," will explore the three P's of the future of public safety – politics, policy and Prozac.

A reception with a cash bar begins at 6 p.m. in the Brazos South Room in the Waco Convention Center at 100 Washington Ave. Dinner follows at 7 p.m. Tickets are \$40 and must be purchased in advance; no tickets will be available at the door. For reservations and tickets, contact Carroll Hollingsworth at 800-966-3357 or dhlago@aol.com. "Don't forget what a wonderful networking opportunity this meeting will be," Hollingsworth, a member of RCA's board of directors and chairman of the group's Texas Special Events Committee, said.

The dinner is being held in conjunction with the Texas APCO State Conference and Exhibition and is open to RCA members and non-members alike.

The Radio Club of America offers opportunities for members and guests to address audiences at meetings held in conjunction with several conventions each year. It conducts a Technical Symposium and hosts a banquet every year; this year's symposium and banquet are set for November 16 at the New York Athletic Club in New York City.

About the Radio Club of America

The Radio Club of America, the world's oldest radio communications society, was founded in 1909 to promote cooperation among those interested in the advancement and scientific study of radio communications. The Radio Club of America counts among its founding membership the best in the radio communications industry, including Edwin Armstrong, David Sarnoff, Louis Hazeltine, John V. L. Hogan, Paul Godley and Allen B. DuMont. Today, the Radio Club of America is composed of modern pioneers who are advancing the field of RF communications. The Radio Club of America gives its members the opportunity to network with other industry professionals, to raise money for scholarships and to record radio communications history so that future pioneers may continue to build on the Club's strong foundational cornerstone. For more information, go to www.radioclubofamerica.org.

About Texas APCO

Texas APCO is the Texas Chapter of the Association of Public-Safety Communications Officials – International. Active members of the chapter are responsible for the design, construction, installation, maintenance, command, and operation of public-safety systems and supporting information systems. A primary purpose of the chapter's conference is to provide training in emergency communications. The conference and exhibition are scheduled for April 15–18 in the Waco Convention Center.
