Centennial Celebration Updates

Here are the Top 5 things you can do in November:

1. Celebrate 100 years of wireless, broadcast, messaging and mobile radio with a tasty dinner, an evening of awards and the chance to rub shoulders with many industry "greats."
2. Network with peers and update yourself on emerging technologies for 2010 and beyond during six panel discussions featuring top-notch industry experts [Click here to see the Radio Club's Press Release regarding the Centennial Gala Symposium.](#)
3. Learn espionage tricks at the only U.S. public museum for spies.
4. See large diamonds, commemorate the bicentennial of Abraham Lincoln's birth and view the Wright Brothers' plane as it soars above you and others as you tour Washington, D.C., museums.
5. Kick up your heels at a dance immediately following the awards dinner with music by contemporary, easy-listening jazz band *Kinda Blu*.

Or... (drum roll please)
